# End-of-Year Program Compliance Reporting Requirements

**Reporting Period July 1, 2011 through June 30, 2012**

In July 2010, the Alameda County Transportation Improvement Authority (ACTIA) merged with the Alameda County Congestion Management Agency to become the Alameda County Transportation Commission (Alameda CTC). Agencies and jurisdictions that have Measure B pass-through fund and grant agreements with ACTIA must continue to submit end-of-year program compliance reports to the Alameda CTC.

Measure B and Vehicle Registration Fee (VRF) pass-through fund recipients are required to submit to the Alameda CTC, one electronic and one hard copy version of the following: an audit report and a compliance report.

## COMPLIANCE REPORT REQUIRED ENCLOSURES:

1. **End of the Year Compliance Report Forms for Measure B and Vehicle Registration Fee** (*as applicable*)
2. **Tables 1-3** (*for each applicable program*)
3. **Documentation of Reporting Requirements**
  - **Measure B/VRF Signage:** In the compliance report, include a description and documentation of signage and the number of signs posted.
  - **Website:** In the compliance report, include a description and documentation of where you listed a link to Alameda CTC's website ([www.alamedactc.org](http://www.alamedactc.org)) on your agency's website, and informed the public about how your jurisdiction uses Measure B funds for transportation projects/programs.
  - **Publications:** In the compliance report, include a description and documentation of an article published in your agency's newsletter or Alameda CTC's e-newsletter for each fund type you receive.

## Audit and Compliance Reporting Consistency

The dollar amounts on each of your compliance documents must match, or Alameda CTC will consider your agency out of compliance.

*For example, your audit's expenditure dollar figures for the Paratransit program must match reported figures in your Paratransit compliance report, and the Tables 1-3 Attachments. See guidance throughout the report forms.*

## Policies on Timely Use of Funds and Reserve Funds

Each jurisdiction receiving Measure B and Vehicle Registration Fee (VRF) pass-through funds are required to comply with the stipulations set forth in the Master Programs Funding Agreement (MPFA) between the jurisdiction and Alameda CTC.

Measure B and VRF funds are to be expended in a timely manner, and/or placed into an appropriate reserve as indicated in the MPFA excerpts below.

### Article 3.A. Timely Use of Funds

1. Except for those funds properly placed into a reserve fund pursuant to Section B below, all Measure B and VRF funds received by RECIPIENT shall be spent expeditiously, and no expended funds beyond those included in reserves pursuant to Section B below are allowed, unless a written request is submitted to the Alameda CTC and approved by the Board.

### Article 3.B. Reserve Fund Policy

1. **Capital Fund Reserve:** RECIPIENT may establish a specific capital fund reserve to fund specific large capital project(s) that could otherwise not be funded with a single year's worth of Measure B or VRF pass-through funds.

- a. RECIPIENT may collect capital funds during not more than three years and shall expend all reserve funds prior to the end of the third fiscal year immediately following the fiscal year during which the reserve was established.

*For example, if a reserve is established at any time during FY 12-13, recipient may collect reserve funds during some or all of FY 12-13, FY 13-14, and FY 14-15, and must spend the reserve funds prior to the end of FY 15-16.*

2. **Operations Fund Reserve:** RECIPIENT may establish and maintain a specific reserve to address operational issues, including fluctuations in revenues, and to help maintain transportation operations. The total amount retained in such fund may not exceed 50 percent of anticipated annual combined revenues from Measure B and VRF funds. This fund may be a revolving fund and is not subject to an expenditure timeframe.
3. **Undesignated Fund Reserve:** RECIPIENT may establish and maintain a specific reserve for transportation needs over a fiscal year, such as matching funds for grants, project development work, studies for transportation purposes, or contingency funds for a project or program. The City spends all of its Measure B Bike & Ped funds on the annual sidewalk repair program. Often the program is bid in the spring and completed in the fall, so there is a balance on the books at the end of the fiscal year in June. The City generally goes to bid with 100% of available Bikd & Ped funds, plus additional funds from Measure B Streets & Roads.

5. **If applicable, why were the reported expenditures in FY 11-12 more than the amount of Measure B funds the agency received in FY 11-12?** For instance, if your agency faced a funding shortage, how did you use reserve Measure B funds from a previous fiscal year(s)?

The City is attempting to catch up on sidewalk repair backlog, by using all available Measure B Bike & Ped, plus some Measure B Streets & Roads, plus grants when available.

6. **Describe undesignated funds.** If your agency has undesignated Measure B funds, describe your process to allocate these funds and describe in detail your plan and time frame for using those funds. Notably, the City plans to spend \$1,600,000 on resurfacing, \$1,700,000 on sidewalks and multi-use pathways, and 300,000 on signal improvements.

5. **If applicable, why were the reported expenditures in FY 11-12 more than the amount of Measure B funds the agency received in FY 11-12?** For instance, if your agency faced a funding shortage, how did you use reserve Measure B funds from a previous fiscal year(s)?

All undesignated funds have been assigned to projects, except for allowable amounts.
