## Application Questions [top](#)

### Section 1 - General Project Information

#### 1. Lead/Implementing Agency

*-no answer-*

#### 2. Project Category

Select all of the 2026 CIP eligible project categories that apply. For other project types, prior to continuing with the application, contact Alameda CTC staff to determine project eligibility.

- Bicycle Capital Project
- Pedestrian Capital Project
- Bicycle Program
- Pedestrian Program
- Transit-related Capital Project
- Shuttle/Other Program Operations
- Technology Project

#### 3. What priority for funding does the sponsor assign to this project? Select one.

- 1 of 3
- 2 of 3
- 3 of 3
- Three Major Trails Grant Matching Program request

#### 4. Brief Project Description

Limit to 255 characters.

*-no answer-*

## 5. Brief Project Location and Limits

*For capital projects, include the city/cities or other area(s) the project is located and the limits for each project street. For shuttle and program operations, identify the service area. Upload the Project map in the Attachment tab.*

*-no answer-*

## 6. Expanded Project Description / Detailed Scope

*Include complete scope details such as the specific improvements, components, location, limits, segments, lengths, quantities, days of operation, frequency, etc.*

*-no answer-*

## 7. Planning Area(s)

*Select all that apply.*

- North
- Central
- East
- South
- Countywide

## 8. Enter project's geographic coordinates (latitude, longitude).

*Example: 15°24'15"N, 30°10'3"E*

*-no answer-*

## 9. Is the Project located within or does it provide benefits to any of the following priority areas? Select all that apply.

*See the Resources tab for the maps, and upload applicable maps highlighting the Project location in the Attachments tab.*

- MTC-defined Equity Priority Community (EPC)
- Other disadvantaged or underserved community that is not an EPC
- Alameda CTC 2019 Bicycle High Injury Network (HIN)
- Alameda CTC 2019 Pedestrian HIN
- Other locally identified safety priority corridor
- Countywide Bikeways Network (CBN)
- Three Major Trails (Bay Trail, Iron Horse Trail and East Bay Greenway)
- Priority Development Area (PDA)
- Priority Production Area (PPA)
- Transit Rich Area (TRA, if outside of PDA)

## 10. If selected "Other disadvantaged or underserved community that is not an EPC" and/or "Other locally identified safety priority corridor", explain how the community and/or corridor is defined and the factor(s) considered. Include references to any applicable local designations and/or reference documents, e.g. a local equity analysis or HIN.

*In the Attachments tab, provide supporting documentation by uploading links to or relevant pages from the identified local reference documents.*

*-no answer-*

## 11. If selected "Countywide Bikeways Network (CBN)", list the CBN network corridor(s) and segment(s) the project improves and whether the project is directly on the named corridor street/route or on a parallel route. If the project is on a parallel route, explain if and how the project fulfills each of the selection criteria for the named corridor street.

*See the Resources tab for a link to the CBN Corridors List and Selection Criteria with more detailed instructions.*

-no answer-

**12. Identify how the proposed project is listed in the 2020 Countywide Transportation Plan (CTP) by selecting one of the following:**

*See the Resources tab for a link to the final 2020 CTP projects list. If the project cannot be located on the list, prior to completing an application, contact Alameda CTC staff to determine the project's CTP status and CIP eligibility.*

- 10-year priority project/program
- 30-year project/program
- Programmatic project/program

**13. What is the project's 2020 CTP ID Number?**

*Enter the project's ID number from the 10-year, 30-year, or Programmatic project lists.*

-no answer-

**14. If this project was awarded Alameda CTC-administered funds through a prior CIP cycle, provide the CIP ID number.**

*See the Resources tab for a link to the List of Currently Programmed Projects with the CIP ID numbers, as identified in the 2024 CIP Update, approved in May 2024.*

-no answer-

## **Section 2 - Project Need/Benefit and Countywide Priority**

---

**15. Describe how the project addresses identified transportation issues and needs. Reference local plans, studies and/or needs assessments that identify and justify the project's local priority and need.**

*In the Attachments tab, provide supporting documentation by uploading links or relevant pages from the identified local plans/studies/assessments.*

-no answer-

**16. Describe the community engagement completed to date for the project, including how any equitable engagement best practices have been applied, and how community input has been reflected in the project placement and design. If community input has not been solicited or has not been incorporated, explain why, and describe the plan for any future community engagement.**

*In the Attachments tab, provide a summary of completed engagement, such as meeting dates, locations, number of attendees, input received, project impacts, etc. See the Resources tab for links to equitable engagement best practices references.*

-no answer-

**17. Describe how the project will advance the 2020 CTP Goal: Affordable, Accessible and Equitable. Specify if/how the Project directly benefits MTC-defined EPCs or other disadvantaged/underserved communities (e.g. by directly connecting to or increasing access to EPCs). If the Project addresses equity, also explain how the Project addresses the recommendations in Chapter 7 of the Community-Based Transportation Plan (CBTP) and other local needs of the community.**

*See the Resources tab for links to an EPC map, the CBTP, and Inclusive Engagement Report.*

-no answer-

**18. Describe how the project will advance the 2020 CTP Goal: Safe, Healthy and Sustainable. Explain how the project will improve mobility and multimodal access, close gaps in existing multimodal facilities, or address other barriers to access. Will the project reduce VMT and/or emissions, and if so, how?**

*See the Resources tab for links to Alameda CTC VMT Resources. Use Questions 19 and 20 to*

*expand upon the specific safety issues addressed by the Project.*

*-no answer-*

**19. For projects on the Alameda CTC Bicycle and/or Pedestrian HIN, on other locally identified safety priority corridor, and any other project that is intended to address a known safety issue, describe the specific safety countermeasures the project will implement and how they are expected to address the identified safety issues. For example, how will the countermeasures remove severe conflicts, reduce vehicle speeds, manage conflicts in time, and/or increase attentiveness and awareness?**

*See the Resource tab for links to references, including FHWA's Proven Safety Countermeasures and Alameda CTC's Design Guide.*

*-no answer-*

**20. For projects on or providing direct benefit to the CBN, describe how the project meets the requirements of Alameda CTC's All Ages and Abilities (AAA) Policy and each of the CBN Design Expectations. For non-bicycle projects (e.g. pedestrian, transit, or technology) that are located on the CBN, explain the Project's impact on existing or future bicycle facilities, if any.**

*See the Resources tab for links to the CBN-related resources.*

*-no answer-*

**21. Describe how the project will advance the 2020 CTP Goal: Economic Vitality. Explain how the project supports housing and/or development near transit by connecting high density housing, jobs, or mixed land use to transit / active transportation and how the project will provide congestion relief through multimodal travel options. Also, for projects located in or benefitting central business districts, major employment/activity centers, and/or any applicable priority areas, such as PCA, PDA, PPA, or TRA, describe how the Project directly benefits the affected communities.**

*See the Resource tab for links to the applicable priority area maps and Alameda CTC's 2021 Priority Development Area Investment & Growth Strategy.*

*-no answer-*

**22. Describe how the project will advance the 2020 CTP Goal: High Quality and Modern Infrastructure. Explain how the project upgrades existing infrastructure and whether it deploys innovative/new technologies.**

*For examples, see the Resource tab for a link to Alameda CTC's New Mobility and Technology page.*

*-no answer-*

### **Section 3 - Project Readiness**

---

**23. Describe the level of demand/support from the local community, stakeholders, and partnering agencies, and for each, describe the level of involvement in the project. Explain the Project's impact on existing transit service and/or other modes, as well as coordination efforts with impacted agencies.**

*In the Attachments tab, upload a list of key project partners and documentation of community, partner agency and other stakeholder support through letters of support, etc. Letters from Community-Based Organizations are encouraged.*

*-no answer-*

**24. How much 2026 CIP funding is requested for which project phase(s)? Fill in all that apply. The total request amount should match the amount in the Summary tab and the Budget/Funding table (to be uploaded in the Attachments tab).**

*Enter the amount to the nearest dollar, but after rounding to the nearest \$1,000. For the Three Major Trail Grant Matching Program, the Sponsor can apply only for the construction phase.*

Environmental

	Design/PSE
	Right of Way
	Construction
	Shuttle Operations
	Program Operations
0.00	<b>TOTAL</b>

**25. Is the project entirely within the Sponsor's right-of-way? Describe any new right-of-way permits or easements required and the status of each. Also, identify any known utility relocations, conflicts, or other conditions within the project right-of-way that may require third party agreements or conflict resolution.**

*-no answer-*

**26. Identify any known or anticipated issues that may affect the timely delivery of the project and how these issues will be addressed. Include any issues with the current phase that may delay the project's ability to advance to the 2026 CIP requested phase(s) per the schedule identified in the application.**

*Examples: inter-agency or community coordination and/or conflicts, lawsuits, unsecured funding, the project's dependency upon completion of another major capital project, etc.*

*-no answer-*

**27. If a usable segment of the proposed project scope can be implemented with partial funding through project segmentation/phasing, describe how.**

*-no answer-*

**28. Describe how the project fosters a State of Good Repair, including how the project extends the useful life of an asset, replaces an asset that's beyond its useful life, or reduces operations and maintenance costs. Also, explain how the project will be operated/maintained once completed and for how long (at a minimum). Confirm the responsible agency(s) for maintaining the improvement and whether new maintenance and/or operations agreements are required.**

*-no answer-*

**29. For new and/or expanded programs or shuttle services, explain the phasing or steps needed to implement the new/expanded components and the timing of each.**

*-no answer-*

#### **Section 4 - Leveraging/Matching Funding**

**30. Does the amount of matching funding identified in the application either meet or exceed the minimum match requirements? (capital: 25%; operations: 75%)**

*The minimum match requirements vary by project type. For capital projects, the minimum match requirement of 25% is applied to each phase for which funding is requested. For operations, the 75% minimum match is applied by year.*

- Yes
- N/A – Three Major Trails Grant Matching Program

**31. For any unsecured/unprogrammed matching funding identified in the application, explain the status and timeline for securing the funding needed for a complete funding plan. If all of the identified matching funds are secured, please confirm.**

*For pilot operation projects/programs, describe the plan for sustaining operations beyond the initial pilot period.*

*-no answer-*

## Section 5 - Applicant Assurances

---

**32. If awarded Alameda CTC-administered local funding, the Applicant agrees to abide by Alameda CTC's funding requirements outlined in the sample Project Funding Agreement, including Alameda CTC's Local Business Contract Equity (LBCE) Program, procurement, logo usage, and reporting requirements.**

*See the Resources tab for a link to a sample agreement.*

Yes

**33. The Applicant has adopted a governing body resolution that confirms local support, including providing the minimum matching funding contribution, and accepts Alameda CTC's funding requirements. For each 2026 CIP application, an adopted project-specific resolution of local support using the Alameda CTC's template language is required at the time of the application submittal.**

*See the Resources tab or the Attachments tab for the required template. Upload a signed copy of the adopted resolution in the Attachment tab. If pending, upload a draft resolution, and once adopted, email the signed copy to Alameda CTC staff.*

Yes, a copy of the adopted resolution of local support is attached.

No, but Alameda CTC has approved the timing of the resolution adoption and submittal of a signed copy (prior approval from Alameda CTC required).

**34. To the best of my knowledge, the information included in this application is complete and correct.**

Yes

## Upload Attachments [top](#)

---

### Documents Requested \*

### Required? Attached Documents \*

Project Limits / Location Map: Highlight project limits, existing & proposed facilities, transit routes, etc. (Required for all project types)

Area Map: Highlight project's proximity to the priority areas identified in the application, such as EPC, HIN, CBN, Three Major Trails, PDA, PPA, TRA, key employment and other activity centers, etc. (Required for all project types)

Local Priority Documentation: Links to or relevant pages from locally identified equity priority communities or safety priority corridors (Question 10) or local plans/studies that identify the Project's priority and need (Question 15)

List of Key Project Partners: As applicable, list project partners identified in the application (agency, primary role, contact name, phone number and email)

Summary of Engagement, such as meeting dates, locations, number of attendees, input received, project impacts, etc. (Optional, but

encouraged)

Letters of Support (Optional, but encouraged)

Resolution of Local Support (Required for all project types)

[download template](#)

Budget, Funding, and Schedule: Download, complete and upload the provided template. Must complete all tabs (Budget, Funding, and Schedule).

[download template](#)

Capital projects: Detail Cost Estimate (Required for a construction request)

Capital projects: If available, relevant pages from completed project initiation/scoping document

Capital projects: If available, conceptual or schematic design drawings

Shuttle Route Maps and Schedules (Required for shuttle projects)
